This application is in condition for allowance except for the following formal matters:

Applicants have attached Tables 1-5 to the arguments, and state that they were inadvertently omitted from the instant specification when filed, but that they were present in the parent application, 09/263,650, now US Pat. 6,379,943. Since applicant has incorporated by reference the parent application in the transmittal sheet for the instant application, the missing Tables may be added to the application when applicant submits the missing portion in an amendment (See MPEP 20.06(c), 37 CFR 1.57(b)). Applicants should submit the Tables which were missing from the instant application in a formal amendment directing their entry at the appropriate location in the specification.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
